

Scheduling a Visit to University Prep

University Prep uses SCOIR for our visit scheduling.

If you do not have an account in SCOIR already, it is free for college representatives to have an account.

Wendy Robbins in the college counseling office coordinates college representative visits. Please direct any questions to her at wrobbins@universityprep.org

UPrep's College Counseling staff will be on vacation during the summer months. We look forward to talking with you when we return in August.

We are delighted that University Prep will be included in your fall visit schedule!

To schedule a visit, please visit: www.SCOIR.com. Your visit request is pending until confirmed in SCOIR. Visit requests are processed on a first come, first served basis due to space availability.

University Prep's daily schedule is a rotating block plan of six academic class periods spread out over three days. We are resuming this schedule, fully in-person, for the 2021-2022 academic year.

University Prep will employ a hybrid approach to college rep visits during fall 2021, offering both in-person and virtual visit options throughout the school day. To see our complete schedule of visit options and to schedule your visit, please log into SCOIR.

We have found that the most productive high school visit is a presentation style where discourse, humor and questions allow for both the representative and the students to learn a great deal from one another.

We look forward to connecting with you soon!
